Personal Profile

I am a multi-faceted computer science student aspiring to venture into software development specifically Mobile application development and Internet applications development. I am currently skilling up on Android development in Kotlin on Google Africa Developers program as well as completing my degree program at Strathmore University. I have tested my proficiency in Java, PHP, Python and JavaScript languages in schoolwork and freelance projects as documented on my GitHub repository. I have also engaged in ML and deep learning tasks with python and Game development project. I am interested in opportunities that can help me thrive and put into practice the skills I have acquired over the years.

Education

2018-July – Current	Bachelor of Science: Informatics and Computer Science Strathmore University – Nairobi
Jan-2018 – May-2018	Certified Public Accountant: Section 1 Strathmore University – Nairobi
